Why don’t we just,,let the mods do their thing (paid job, I would actually think),,,and we do our thing (just not posting the problematic things to begin with? Like common sense? They’re not the problem, what people post is and yeah, it’s too bad that some of those thugs get through, but we should just not post those hinges to begin with???)

@Angie: I agree with your post, but yeah, I don't like that the poll is rigged.
@Sage: Can you tell me those problems? I've probably actually been though them and can't remember them right now.

The poll is rigged because it doesn't really have any purpose, in case you're wondering. There's no point to it.

Honestly, though, with that logic we should all be mods. You're not any more special than anyone else.

I'm pretty sure the mods are hired by Scholastic as, you know, their actual paid job or something.
